

## **WAB 2024 Ride Data**

by the WAB Ride Coordinator Team

### **2024 Mileage**

Williamsburg Area Bicyclists (WAB) members – at least those who reported their mileage on the website – rode a total of 244,418 miles in 2024. The top 30 in mileage rode a total of 165,608 miles.

<b>Mileage</b>	<b>No. of Cyclists</b>	<b>Top Dozen Cyclists</b>
> 12,000	1	M. Holt
8,000 - 8,999	3	N. Barron, E. Foxx, H. Michael
7,000 - 7,999	1	D. Walczyk
6,000 - 6,999	5	C. Buchanan, S. Nunn, M. Walls, F. Wenbert, K. Preston
5,000 - 5,999	2	G. Elliott, J. Taylor
4,000 - 4,999	15	
3,000 - 3,999	16	
2,000 - 2,999	8	
1,000 - 1,999	7	
< 1,000	18	

WAB's 2024 total of 244,418 miles exceeded the Peninsula Bicycle Association's (PBA's) 2024 total of about 235,700, and they needed more cyclists to reach their total – about 80 compared to our 76. However, PBA's top-30-in-mileage members rode an astounding 189,077 miles compared to WAB's top-30 total of 165,608 miles. WAB had one 12,000-mile rider (Mark Holt). PBA reported five (5!!!) cyclists who rode a total of 60,000 miles, or an average of 12,000 miles each. Therefore, PBA wins the 2024 Rider's Cup, and WAB – who won last year – will return the Cup to PBA on April 12 (before the D, C, B, and B+ Rider's Cup rides starting at Jamestown Settlement).

### **2024 Rides Scheduled, Canceled, and Actually Ridden**

In 2024, WAB scheduled about 480 rides, about the same as 2023's 497. 2024's cancellation rate – the percentage of rides that were canceled due primarily to the weather – was about 20 percent, slightly higher than 2023's cancellation rate of 18 percent.

As usual, the "C" cyclists were most active (193 rides) followed by the "B" cyclists (120), B+ (98), D (47) and A- (15).

The following chart is "busy," so skip it unless you are into details. The hand count of Calendar entries and the WAB system differed by about eight rides.

### Who Volunteered to Lead the ~480 Planned Rides?

WAB wishes to thank the 39 ride leaders who volunteered to lead or co-lead rides in 2024. WAB would not exist without ride leaders, who take their time to volunteer, communicate with their team captain and the Ride Coordinator Team, plan a route, often advertise their ride, show up to lead, shepherd their ride group, and often socialize afterwards. The list of 39 ride leaders follows.
